CONDITIONS OF SALE.

Please Read Sale Terms Before Bidding.

This is a bona-fide public sale, for prompt cash settlement, and irresponsible persons who are not sure whether they can pay for what they bid on, are asked not to bid. The cataloguer has taken special pains to describe each lot accurately. Errors will be corrected, but he reserves the sole right to decide upon any claims. No corrections or refunds will be made, and no lots can be returned, unless the bidder submits his case in writing **within 30 days of the date of the sale.**

Coins and medals are sold at so much per **PIECE**, and no lot will be separated. You cannot buy a few pieces out of a lot but must buy all of it. The auctioneer will accept no bid under 10 cents to start a lot where that lot contains only one piece; nor will he accept any advance under 5c on any lot containing but one piece; after the price has reached \$2. no advance under 10c will be accepted on any lot containing one piece; after \$5.00 the bid must advance 25c each time; after \$10 no bid under 50c.

Our rules regarding lots containing more than one piece will remain unchanged and the same as before.

Auction sales are **strictly for cash**. Parties unknown to me and bidding for the first time, must give bank or other reliable reference, or their bids will not be executed.

Forward your bids as early as possible, as thousands of bids have to be entered. Do not make ridiculously low bids, such as 10c. and 15c. on foreign silver coins worth several times over as bullion. Write your bids plainly, with a pen if practicable.

Where the number of pieces in a lot is not given after the description, there is but one piece in the lot.

Be sure you bid on the lot you wish to buy. We cannot correct such errors.

All coins, etc., are genuine unless otherwise described.

A charge of 5% will be made to cover packing but where the parcel is bulky an additional packing charge will be made. No charge made for bidding except for lots actually purchased. Remit by money order or New York draft.

If any further information is required as to valuation of lots, or how to bid, please write the cataloguer, **THOMAS L. ELDER.**

Important Notice. We keep two books of the sale recording each lot as sold, and we will not accept any sale records from outsiders. **Our records are final.**

No priced catalogue will be furnished of this sale.

INTRODUCTION.

We offer to Collectors a most important four days sale of Coins, Medals, Paper Money, Curios, Tokens, Necklaces, Etc., Etc., the Properties of Messrs. Olsen, Pungitor, Brewer, Sessions, Mr. R. W. Williams, Mrs. H. T. Haintz, Estate of the late H. Hooker, Esqr., and others. We call your attention to five important collections in these offerings, viz. The Williams, Haintz, The Harlem, the Fine U. S. Gold Collection of Eagles, Half and Quarter Eagles and The Binghamton Collection. Mr. Williams is giving up collecting, having nobody among his relatives to take up the interest. It embraces a very fine and large collection of American and Foreign coins, including many fine Greek and Roman coins, a large variety of interesting Mexican, South and Central American issues, pattern coins, European Silver, Tokens, etc. The Foreign copper collection is I believe as fine as any I have offered, not excepting the Moritz collection, with many rarities like Colima, Santa Anna, Morelos, Oran, Zamosc and so on. His Silver collection should be appreciated for its worth and interest. That of Mrs. Haintz, left by her husband, presents a wonderfully large collection of United States Half Dollar coins, and many others in American and Colonial issues, several hundred lots. The Harlem collection embraces several hundred lots of rare United States Cents, including all dates, and this is not the only collection in the catalogue with fine cents, the Haintz and Williams have especially fine cent pieces in them, also fine U. S. Half Cents. There is a very fine assortment of the Rare Mint-marked Eagles, Half and Quarter Eagles after 1835, seldom found together and so fine as in this offering, and two fine Slugs. A wide variety of paper money, tokens, medals, choice Massachusetts Silver and Colonials, U. S. Patterns, medals, gems, necklaces, stone age relics, Bryan money, Russian and other issues makes this one of our very finest sales. The above description does not begin to give you an idea of the contents of this catalogue which lists a total of about 3200 lots, divided into four sessions, to be offered on Wednesday, Thursday, Friday and Saturday, February 9th, 10th, 11th and 12th next. Many fine Ancient Gold, Silver and Bronze coins are offered as well as American gold from 25c size Silver and Bronze coins are offered as well as American gold from 25c size to Fifty Dollars. Don't miss the sale. After this we have but two more coming this present season. You won't ever have a better chance at about twenty-five 1793 cents, about half a dozen 1799 cents and numerous 1804s than at this sale. Go completely over the catalogue as fine U. S. Cents will be found in every session. We note uncirculated cents of 1794, 1802, 1803, 1824 and an uncirculated 1823 over '22. which ought to bring a price. Let us repeat what we tell collectors at every sale. Be careful about bidding in error. We will not be responsible if you bid on a wrong lot. It is up to you the bidder to confirm your bids before sending them in and any error

must be paid for by the bidder, without recourse of any kind. New bidders must not feel offended when we ask them for bank reference also until their credit is established with us, and all lots are sold for cash only. No credit or time to anyone. We are not dealing in merchandise but coins, money—hence **cash!** Bid by the lot, not the piece. Bids are made not for goods on approval, but lots thus secured are bought and must be taken and paid for. Kindly read our sale terms if you have not done so, before bidding. Send us a generous number of bids and bid early too.
